SESSION TIMINGS

2.30 pm to 7.30pm

CLASS DAYS

Weekend
(Saturday & Sunday)
Mode - Online

MEDIUM

(English)

Fees

Rs.35000/- (Inclusive of taxes)

Best suitable for

- ▀ Aspirants planning to opt for History Optional with a one-year preparation timeline
- ▀ Aspirants considering switching over to History for their Optional preparation & would require classes & support for the next one year.
- ▀ Freshers undecided on the choice of Optional subject & who would prefer a continuous support system for the next one year until CSE 2025.

Five points for you to crack CSE

1. Develop a Vision & Strategy for the next 1 year.
(Give a sense of direction & purpose for your preparation)
2. Understand what UPSC expects from you.
(Make your preparation proactive & not simply reactive to previous year trends)
3. Master Optional & use it to crack CSE Prelims.
(Speeds up your chances of making it to the rank list)
4. Build a routine to skill yourself.
(One small step a day, but huge leap after a year)
5. Be smart.
(Insulate & immunize yourself to unworkable strategies & advices)

How does this program address the above 5 points ?

- **100 sessions that help you Master History optional**
by comprehensively covering every aspect of the History Optional syllabus sheet.
(Includes 10 Tests followed by Discussion)

plus

- **20 Sessions close to CSE Prelims 2025 that focus exclusively on fact strengthening** to ensure success in attempting nearly 15 Questions from History in CSE Prelim.
(Smart work is to capitalize on your preparation for Optional & to channelize it to secure success in Prelim)
 - **20 Sessions to strengthen your three abilities (Analysis, Articulation & Perfection)**
These abilities will be developed using Newspaper and History assignments in these 20 sessions. Without strong development of these three abilities, it is close to impossible to write good answers in the Optional paper or to speak impressively in your Personality Test. This is an often neglected aspect of an aspirant's preparation cycle.
 - **10 Comparative discussion Sessions** in which best practices are shared for collective learning from top performers. You will be walked through the best answers of toppers with explanations & insights by Sakthya Krishnan Sir to understand how great History answers are written.
-

Philosophy behind the design of this program

Cracking Civil Services Examination requires the intersection of

- **Content & Knowledge -** (Can be learnt from the 100 class lectures)
- +**
- **Three abilities** (Analysis, Articulation & Perfection) - (Requires the additional 50 sessions)

It is our conviction that regular interactions (**at least 150 sessions**) are required to transmit all insights (knowledge & abilities) on cracking CSE to set strong learning foundation in your beginning days of preparation for Civil Services Examination. The sessions address both the content & knowledge part while simultaneously strengthening your three abilities. This ensures you have a success formula after these 150 sessions.

All you need to do is to spare 10 hours from your weekend schedule & within a year you would be equipped enough to crack CSE.
